

**Product fiche concerning the Commission Delegated Regulation (EU) No 65/2014 of 1 October 2013 and COMMISSION REGULATION (EU) No 66/2014 of 14 January 2014**

|                                                                                |                       |
|--------------------------------------------------------------------------------|-----------------------|
| Supplier name or brand                                                         | SMEG                  |
| Product code                                                                   | C92IMX2               |
| Energy class first cavity (2002/40/CE)                                         | A                     |
| No. of Cavities                                                                | 2                     |
| Energy efficiency index                                                        | 95.2                  |
| Energy efficiency class                                                        | A                     |
| Energy consumption per cycle in conventional mode                              | 1.09 kWh              |
| Energy consumption per cycle in fan-forced mode                                | 0.80 kWh              |
| GAS - Energy consumption conventional mode                                     | 3.92 MJ               |
| GAS - Energy consumption in forced air convection                              | 2.88 MJ               |
| Heat source first cavity                                                       | ELECTRICITY           |
| Volume                                                                         | 70 l                  |
| Energy Efficiency Index, second cavity                                         | 105.7                 |
| Energy efficiency class, second cavity                                         | A                     |
| Energy consumption per cycle in the forced convection of the second cavity     | 0.74 kWh              |
| Gas - Energy consumption per cycle in natural convection in the second furnace | 2.66 MJ               |
| Heat source second cavity                                                      | ELECTRICITY           |
| Volume, second cavity                                                          | 35 l                  |
| Product mass                                                                   | 81.300 kg             |
| Type of hob                                                                    | Induction             |
| No. of cooking zones/areas and/or gas burners                                  | 5                     |
| Position zone 1                                                                | Front left            |
| Position zone 2                                                                | Rear left             |
| Position zone 3                                                                | Central               |
| Position zone 4                                                                | Rear right            |
| Position zone 5                                                                | Front right           |
| Heating technology zone 1                                                      | Induction - multizone |
| Heating technology zone 2                                                      | Induction - multizone |
| Heating technology zone 3                                                      | Induction - single    |
| Heating technology zone 4                                                      | Induction - single    |
| Heating technology zone 5                                                      | Induction - single    |
| Diameter or length/width of zone 1                                             | 21.0/19.0 cm          |
| Diameter or length/width of zone 2                                             | 21.0/19.0 cm          |

Tuesday, 25 August 2026

|                                    |             |
|------------------------------------|-------------|
| Diameter or length/width of zone 3 | 27.0 cm     |
| Diameter or length/width of zone 4 | 18.0 cm     |
| Diameter or length/width of zone 5 | 21.0 cm     |
| Energy consumption zone 1          | 187 Wh/kg   |
| Energy consumption zone 2          | 185 Wh/kg   |
| Energy consumption zone 3          | 171 Wh/kg   |
| Energy consumption zone 4          | 191 Wh/kg   |
| Energy consumption zone 5          | 177 Wh/kg   |
| Energy consumption for the hob     | 182.2 Wh/kg |
