## Performance / Energy Label - Reg. 2019

|                                          |           |                                                                                |                  |
|------------------------------------------|-----------|--------------------------------------------------------------------------------|------------------|
| Annual energy consumption                | 287 kWh/a | Sum of the volumes of the chill compartment(s) and the unfrozen compartment(s) | 344 l            |
| Energy efficiency class                  | E         | Airborne acoustical noise emissions                                            | 41 dB(A) re 1 pW |
| Airborne acoustical noise emission class | C         |                                                                                |                  |
| Total net volume                         | 481 l     |                                                                                |                  |

Sum of the volumes of  
the frozen  
compartment(s)

137 l

Temperature Rise Time 14 h

Climate class SN, N, ST, T

EEI 100 %

## Electrical Connection

Electrical connection rating

185 W

Current

1.27 A

Voltage (V)

220-240 V

Frequency (Hz)

50 Hz

Power supply cable  
length

210 cm

Plug

(F;E) Schuko

## Logistic Information

Width

700 mm

Depth without handle

712 mm

Height

1920 mm

Product depth with  
doors open at 90°

1390 mm

## Symbols glossary

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

LCD display: to optimize performance and simplify the use of the appliance.

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.

Energy efficiency class E
