

## RC20WDNE

|                          |                |
|--------------------------|----------------|
| Product Family           | Refrigerator   |
| Installation             | Free standing  |
| Category                 | Bottom Mount   |
| Reference width          | Until 60 cm    |
| Reference height         | 160 - 200 cm   |
| Sistema Total No - Frost | Yes            |
| Cooling type             | Total No Frost |
| Defrost                  | Automatic      |
| Hinge type               | Standard       |
| Hinge position           | Right          |
| Reversible door          | Yes            |
| EAN code                 | 8017709343408  |

## Aesthetics

|             |              |                  |                    |
|-------------|--------------|------------------|--------------------|
| Aesthetic   | Universale   | Side material    | Steel              |
| Colour      | White        | Side colour      | White              |
| Material    | Steel Effect | Logo             | Applied            |
| Handle      | Integrated   | Display          | LED                |
| Handle type | Fixed        | Display position | Esterno (su porta) |
| Logo colour | Chrome       |                  |                    |

## Refrigerator compartment features

|                                         |                                                              |                                         |       |
|-----------------------------------------|--------------------------------------------------------------|-----------------------------------------|-------|
| Number of compartments                  | 2                                                            | Crisper Cover                           | Yes   |
| Compartment types                       | Low temperature compartment, Fruit and vegetable compartment | Bottle shelf                            | Yes   |
| No. of adjustable shelves               | 3                                                            | Type of crisper/vegetable drawers cover | Glass |
| Number of fruit and vegetables drawers  | 1                                                            | Low temperature compartment             | Yes   |
| Shelves material                        | Glass                                                        | Internal light in fridge                | Yes   |
| Type of crisper/vegetable drawers cover | On sliding rails                                             | Type of internal light (fridge)         | LED   |

## Refrigerator Inner Door

|                                   |   |                       |   |
|-----------------------------------|---|-----------------------|---|
| Number of adjustable door shelves | 3 | No. of bottle shelves | 1 |
|-----------------------------------|---|-----------------------|---|

## Other Refrigerator features

|             |                         |           |     |
|-------------|-------------------------|-----------|-----|
| Accessories | Bottle holder, Egg tray | MultiFlow | Yes |
|-------------|-------------------------|-----------|-----|

## Freezer compartment features

|                   |   |
|-------------------|---|
| Number of drawers | 3 |
|-------------------|---|

## Other Freezer features

|             |           |
|-------------|-----------|
| Accessories | 1 ice box |
|-------------|-----------|

## Other technical features

|                             |                    |
|-----------------------------|--------------------|
| Functions display           | Fast freezing, ECO |
| Door open alarm             | Yes                |
| Temperature Alarm           | Yes                |
| Type of temperature control | Electronic         |
| No. of compressors          | 1                  |
| Refrigerant gas type        | R600a              |
| Type of compressor          | Standard           |
| Foam agent                  | Cyclopentane       |

## Performance / Energy Label - Reg. 2019

|                                                                                |           |                                     |                  |
|--------------------------------------------------------------------------------|-----------|-------------------------------------|------------------|
| Annual energy consumption                                                      | 246 kWh/a | Airborne acoustical noise emissions | 38 dB(A) re 1 pW |
| Energy efficiency class                                                        | E         | Temperature Rise Time               | 10 h             |
| Airborne acoustical noise emission class                                       | C         | 4 star - Freezing capacity          | 9,0 kg/24h       |
| Total net volume                                                               | 331 l     | Climate class                       | SN, N, ST, T     |
| Sum of the volumes of the frozen compartment(s)                                | 96 l      | EEI                                 | 100 %            |
| Sum of the volumes of the chill compartment(s) and the unfrozen compartment(s) | 235 l     |                                     |                  |

## Electrical Connection

|                              |           |                           |              |
|------------------------------|-----------|---------------------------|--------------|
| Electrical connection rating | 70 W      | Frequency (Hz)            | 50 Hz        |
| Current                      | 10 A      | Power supply cable length | 200 cm       |
| Voltage (V)                  | 220-240 V | Plug                      | (F;E) Schuko |

## Logistic Information

|                      |        |                                          |         |
|----------------------|--------|------------------------------------------|---------|
| Width                | 600 mm | Height                                   | 2000 mm |
| Depth without handle | 592 mm | Product width with maximum doors opening | 600 mm  |

## Symbols glossary

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Energy efficiency class E

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

Multiflow Cooling System: the Multiflow ventilation system allows an even distribution of cool air around the fridge cabinet.
