

**Product fiche concerning the Commission Delegated Regulation (EU) No 65/2014 of 1 October 2013 and COMMISSION REGULATION (EU) No 66/2014 of 14 January 2014**

|                                                   |                    |
|---------------------------------------------------|--------------------|
| Supplier name or brand                            | SMEG               |
| Product code                                      | TR90IPBL           |
| Energy class first cavity (2002/40/CE)            | A                  |
| No. of Cavities                                   | 1                  |
| Energy efficiency index                           | 79.6               |
| Energy efficiency class                           | A+                 |
| Energy consumption per cycle in conventional mode | 0.82 kWh           |
| Energy consumption per cycle in fan-forced mode   | 1.24 kWh           |
| GAS - Energy consumption conventional mode        | 2.95 MJ            |
| GAS - Energy consumption in forced air convection | 4.46 MJ            |
| Heat source first cavity                          | ELECTRICITY        |
| Volume                                            | 115 l              |
| Product mass                                      | 87.200 kg          |
| Type of hob                                       | Induction          |
| No. of cooking zones/areas and/or gas burners     | 5                  |
| Position zone 1                                   | Front left         |
| Position zone 2                                   | Rear left          |
| Position zone 3                                   | Central            |
| Position zone 4                                   | Rear right         |
| Position zone 5                                   | Front right        |
| Heating technology zone 1                         | Induction - single |
| Heating technology zone 2                         | Induction - single |
| Heating technology zone 3                         | Induction - single |
| Heating technology zone 4                         | Induction - single |
| Heating technology zone 5                         | Induction - single |
| Diameter or length/width of zone 1                | 21.0 cm            |
| Diameter or length/width of zone 2                | 18.0 cm            |
| Diameter or length/width of zone 3                | 27.0 cm            |
| Diameter or length/width of zone 4                | 18.0 cm            |
| Diameter or length/width of zone 5                | 21.0 cm            |
| Energy consumption zone 1                         | 177 Wh/kg          |
| Energy consumption zone 2                         | 192 Wh/kg          |
| Energy consumption zone 3                         | 192 Wh/kg          |

Tuesday, 25 August 2026

|                                |           |
|--------------------------------|-----------|
| Energy consumption zone 4      | 192 Wh/kg |
| Energy consumption zone 5      | 177 Wh/kg |
| Energy consumption for the hob | 186 Wh/kg |
